## **DETAILED ACTION**

### ***Election/Restrictions***

1. Claims 9-15 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 8.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Hoffa 809,952.

Hoffa teaches a medicine glass comprising a main container body 1, 2, a secondary container body 5, and a collar 4. The collar has an axis that is not parallel with either the main or secondary container body, the entire container is made of glass.

### ***Response to Arguments***

4. Applicant's arguments filed May 22, 2003 have been fully considered but they are not persuasive. In response to applicants argument that collar 4 of Hoffa is not interposed between recess 5 and main container body 1, 2, applicant is directed to figure 2 of Hoffa. It is true that collar 4 is provided at the terminal end of recess 5, but it

is also provided at the terminal end of main container body 1, 2. The collar therefore is interposed between the two ends of the recess and the main container body.

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
